My TV,

I just wanted to congratulate you on your presentation on the efforts in the cause to find missing children. I am the dentist who invented Toothprints and the scent tracking capabilities are truly amazing.

Is it possible to get a DVD of the report?

**COUNTRY 102.5 RADIOTHON AT JORDAN'S FURNITURE FOR ST.
JUDE CHILDREN'S RESEARCH HOSPITAL!
*Over \$740,000 raised at 2-day event***

Country 102.5's 2007 Country Cares for St. Jude Kids two-day radiothon at Jordan's Furniture in Reading by country station Country 102.5 WKLB generated over \$740,000 for St. Jude Children's Research Hospital. St. Jude is a world leader in catastrophic illness in children. St. Jude is unlike any other pediatric treatment and research facility anywhere. Discoveries made there are shared with hospitals worldwide and right here in New England.

Last Thursday and Friday, March 8th and 9th at the Reading, MA location of Jordan's Furniture, Country 102.5 WKLB broadcast live from 6am to 7pm each day to raise money for the hospital. Through emotional family stories and Country 102.5 personality pleas, Country 102.5 listeners and Jordan's Furniture customers signed up to become St. Jude "Partners In Hope," donating \$30 per month for a year. Additionally, country artists such as Danielle Peck, Dusty Drake and Kellie Pickler performed live, attracting even more fans and donors to the store.

"We are so proud to host such a successful and worthy fundraiser," says Jordan's President and CEO Eliot Tatelman. "Raising this kind of money will help St. Jude to be able to continue their unbelievable work. We are glad that we could be a part of it."

"The Country 102.5 staff is extremely proud of the generosity of the country music audience in and around Boston," says Country 102.5 Promotions Director Marie Miscia. "To raise over \$740,000 in 2007 and nearly 5 million dollars since inception is truly remarkable."

For more information, please call Heather Copelas at Jordan's Furniture or Marie Miscia at Country 102.5 WKLB.

Dear Lisa:

Coldwell Banker Residential Brokerage Cares and Youth Alternatives would like to take this opportunity to "thank you" for your donation at this years golf tournament that was held on Tuesday at Purpoodock Club in Cape Elizabeth.

It was a rainy, blustery day but 120 golfers braved the weather and enjoyed a round of golf for a "great" cause. Because of your participation, we were able to raise over **\$10,000** to help Youth Alternatives continue their work with families in the State of Maine.

Coldwell Banker is proud of our association with Youth Alternatives and we appreciate your participation in raising money for such a worthy cause and allow them to carry on their mission of *"providing help and assistance...with a focus on providing shelter, particularly to children and families"*.

I hope that as we begin planning our tournament for 2006, we can count on your continued support.

Thank you so much for your assistance in regard to Jobs for Maine's Graduates' National Science Foundation grant application. Your willingness to provide us with a letter of interest is very much appreciated.

Here at JMG, we are very excited about the prospect of producing a regional science program and to have it air in Maine, New Hampshire and Vermont. Dear David,

I am sorry that I did not get to say goodbye to you today. I wish to thank you for the opportunity to assist your cause in being a supportive team member to all those volunteers working the Clam Festival.

It is my opinion that we were both successful in our endeavor to connect with many different people at the Festival and promote our business.

I was very impressed by the many different staff from Channel 8 who took the time to meet and greet the many volunteers and general folk on a purely social level. The warmth and caring and the interest shown to each person was a pleasure to witness.

I believe I will take the opportunity to watch your news program in the future and see what I have been missing.

I hope you will keep me in mind if you decide to participate in the Clam Festival in the future. I would be happy to participate again.

Wishing you much success in all you do at WMTW-TV.

Ken, just a note to say how much we appreciate Jeff and Tory's appearances at our "Alive at Five" concert series. Their presence is a wonderful kick-off each Thursday night. It's terrific to have a media sponsor close enough to the event to participate. Each concert reaches a different demographic with last week's and this week's appealing to the 35-55 age group although I have been surprised at the wide variety of age groups that attend the concerts (free music is always a draw I've determined). Thanks again for the station's support. Jan

Thank you for your question.

We are always looking for new ways to better serve our viewers, and our First Warning Weather team (Tom Chisholm, Matt Zidle, and Gray Stabley) are always looking at which areas to cover in our weather mapping and forecasting. We obviously try to deal with as many areas as possible. I can assure you that we will revisit the issue of how much time we are currently spending on the mid-state area.

On the subject of weather-I encourage you to tune in to News 8 WMTW on Tuesday night at 8 p.m. for "New England's Most Extreme Weather-Summer Edition". This program is hosted by Chief Meteorologist Tom Chisholm and the entire First Warning Weather team. Dear Ken,

Boys and Girls Club of Auburn/Lewiston gratefully acknowledges your generous donation dated May 31, 2005 in the amount of \$300.00 representing full payment of your pledge to this year's Steak & Burger dinner.

The Steak & Burger dinner provides an opportunity for Club members to enjoy a healthy on-site meal, and to interact with caring and supportive adults. Creating opportunities to succeed is what the Boys & Girls Club does best. Last year, more than 400 area children, many of whom come from disadvantaged circumstances, participated in a variety of activities at the Club, including the Steak & Burger Dinner. Proceeds from this event are used to support our operating budget so that we may continue to offer quality programs to our members, which provides them with the ability to raise their aspirations and realize their full potential as informed, responsible and caring citizens.

On behalf of the board, the event committee, and all the Club members, thank you for helping to make the evening a great success.

Sincerely,

Jim Costello, Jr.

Hi.

I just thought i'd say how much i appreciate the video clips you put on your site.

I was traveling the NE US for a month with my wife and spent 10days living with our Maine friends at the end of the trip.

We heard about your Rtl series [as we had traveled down it for most of the way] and its been nice to follow the bits you've shown on the site.

The other videos and news you show are good too.

We love your State very much and will be back either later this year or certainly Spring 06.

Thanks for keeping us in touch with Maine

Kind regards

Mark Stephens

Dear Ken:

It was a pleasure meeting you the other day. As the new kid on the block, I am looking forward to furthering the wonderful relationship your station and The Salvation Army has enjoyed.

As you know, The Giving Tree has had great success over the years and any expansion or enhancement of the program simply translates into more children receiving a gift for Christmas. Your support has enabled The Salvation Army to reach out to thousands of needy youngsters each year.

I'm sorry you won't be able to come to our Open House at Camp Sebago on the 11th. Hopefully, Dave will be able to attend. However, any time you would like to visit this jewel I will be happy to set that up.

All the best,

Craig H. Evans, APR

Great website. Your site is much better than chan 6 & 13. Up to the minute news with pictures and video. User friendly. I don't like the pop up ad that comes up when logging on. WMTW is my Maine source for news and weather. Thanks

Thank you for your note. We are always looking for new ways to better serve our viewers, and your suggestion regarding our weather maps is a good one. We are in the process of reviewing the towns that appear on our maps, so I can assure you that we will include Farmington in that discussion.

I think you have the best weather forecasts around. But, I would like to see a town closer to where I live. Would you put Farmington on your weather maps more often please?
